# Elevating Hotel Experiences

Drift into restful nights with pillows and covers designed for both comfort and longevity – perfect for hotels, B&Bs, and luxury homes.

# LUXURY FEEL

There is something timeless about sinking into crisp, freshly laundered linens after a long day.

Our collection of pillows, duvets, and bed linen is designed to capture that feeling of understated luxury – the perfect balance between indulgence and functionality. Every detail, from the choice of fabric to the final stitch, is carefully considered to ensure not only immediate comfort, but also long-lasting performance.

We carefully select premium materials that meet internationally recognized standards, including Oeko-Tex® certification. This guarantees that each textile is free from harmful substances and safe for both guests and staff. Strong fibers and durable stitching allow our products to withstand frequent laundering and daily use, while still maintaining their softness and shape. Longer product lifecycles mean less waste, fewer replacements, and greater value for hotels and hospitality businesses.

Behind every product lies a commitment to ethical sourcing. We work exclusively with trusted suppliers who share our values of

fair labor practices, safe working conditions, and environmentally responsible production. These partnerships allow us to deliver not just consistency in quality, but also the assurance that each item is made with care and respect for people and planet alike.

Transparency is equally important. From the factory floor to the guest room, we know our supply chain and share it openly with our clients. This gives hoteliers and property owners the confidence to welcome their guests with textiles that are responsibly sourced, honestly priced, and uncompromising in quality.

## MODERN TASTE

Crafted from 100% Oeko-Tex® certified cotton, our quilt covers embody a perfect balance of comfort, durability, and timeless design. The smooth, breathable fabric ensures a naturally soft touch against the skin, inviting guests to enjoy a restful and refreshing night's sleep. Its crisp finish maintains the refined look that hotels demand, even after countless washes.

Quality and longevity are at the heart of the design. Reinforced stitching and carefully selected fibers give the quilt covers exceptional resilience, making them ideal for the rigors of daily hospitality use. This not only guarantees long-lasting softness and shape retention, but also reduces the need for frequent replacements – lowering costs for hoteliers while minimizing environmental impact.

With their clean, contemporary aesthetic, these quilt covers complement a wide range of interior styles, from classic to modern. They bring understated elegance to every guest room, enhancing the overall hotel experience and creating an inviting atmosphere where comfort meets sophistication.

# Rooted in Nature

## NATURAL, RESPONSIBLE & CERTIFIED

Sustainability begins at the very source of our materials. The cotton used in our collections is carefully grown and harvested with respect for nature, people, and future generations. By working only with trusted partners who share our values, we ensure that every fiber meets strict environmental and social standards.

Certified by Oeko-Tex® and other internationally recognized programs, our textiles are guaranteed free from harmful substances and responsibly produced. This not only safeguards the wellbeing of guests and staff, but also supports farming communities that prioritize ethical practices and sustainable cultivation.

We believe that true luxury is inseparable from responsibility. Choosing long-lasting, eco-conscious products means reducing waste, lowering costs, and contributing to a healthier planet. From the cotton field to the finished product, our promise is simple: uncompromising quality with sustainability at its core.

Commitment to Quality & Standards

Our supplier operates with internationally ecognized management systems and advanced textile technologies. All products strictly comply with the Chinese national standard **GB/T22864-2020**, and the production process is certified to **ISO 9001:2000**.

In addition, our fabrics meet the **Oeko-Tex Standard 100** certification, ensuring they are safe, sustainable, and environmentally responsible.

## PREMIUM FABRIC SELECTION

We use **carefully selected 100% premium cotton** to guarantee a naturally soft and breathable touch. Every piece reflects the authentic texture of high-quality cotton, sourced responsibly to provide superior comfort, durability, and a refined hand feel.

For enhanced performance and flexibility, we also offer **cotton-polyester blends**:

- **80% Cotton + 20% Polyester** – for extra resilience while maintaining softness.
- **50% Cotton + 50% Polyester** – for higher durability, reduced wrinkling, and easy maintenance.

All fabrics undergo **thoughtful pre-shrinking treatments**, ensuring they remain flat, fresh, and resistant to abrasion and fading, even after frequent washing. These fabrics are designed to accompany guests through countless nights of comfort and reliability.

## FABRIC CLASSIFICATIONS BY YARN COUNT

We offer three fabric grades tailored to different hospitality needs:

- **40s Yarn Count**  
Practical and cost-effective, ideal for basic household use and economical chain hotels.
- **60s Yarn Count**  
A light luxury choice, suitable for all-season comfort. Perfect for mainstream 3–5 star hotels where quality and affordability must go hand in hand.
- **80s Yarn Count**  
The five-star luxury option, crafted for high-end hotels (4-star and above). Delivers exceptional softness, elegance, and long-lasting performance.

## PILLOW & QUILT CORE
